Dear Ernest:

Congratulations on picking up the Little Giant. Your report regarding our transmitter test of May 7 is correct. We are proud to know that we were picked up so clearly in Brooklyn. We are constantly surprised with the number of people who have been able to pick up our 500 watts. We are proud of the clarity of our signal locally. We are amazed that people consistently get it so far away from our immediate broadcasting area.

We are happy to be the 198th verification of yours in Pennsylvania, and we hope that you get your 200.

Sincerely,

John Poister  
Program Director
