Mr. Ernest R. Cooper  
National Radio Club  
438 E. 21ST Street  
Brooklyn 26, N.Y.  
Dear Mr. Cooper-:

Very pleased to hear from you. Sorry that the QRM was a little heavy. H!. You seem to be doing a very fine job with your receiver and I certainly do admire you radio fans who can devote so much time to hunting all these new stations. Your log of the station to the best of my knowledge is very fine. Nice to know that here in Pa. you have logged so many stations.

WMBT went on the air March 18th at approximately 5:30 P.M. after receiving permission from the F.C.C by telegram at that time. We are on a dawn to dusk schedule, as for freq. checks we have not at this time set a definite time it is variable as of this writing. Already have the info. on wcky, thank you very kindly just the same. For brochures or cards on Shenandoah you may write to the Shenandoah chamber of Commerce or to the mayor and he will funnel your letter to the appropriate people.

One again consider it a great achievement of you and your cohorts who spend great time and effort in logging=all those station and my hat is off to you all.

Sincerely yours

Joseph T. Nolter  
Chief Engineer.
