Mr. Ernest R. Cooper
Nat'l Radio Club, Ed.
438 East 21st Street
Brooklyn 26, New York

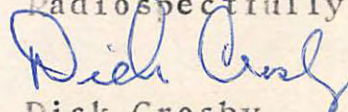

Dear Ernest:

Thank you very much for the letter which I received this morning. Enclosed you will find a verification card from our station. I don't know if you received a verification report from us before, but never-the-less you have one now.

As I am now studying for my first class ticket, I have had a background for electronics. And I guess it must be quite an interesting hobby. I have a National NC-46 receiver myself, but radio programming and engineering takes up more time than I had expected. Therefore I haven't had too much time to really get my feet wet as far as DXing goes. I was formally with WTRA in Latrobe and I was there along with our CE the night that you heard us when we were doing our proof of performance testing. We here at WSHH do not have a fixed time for frequency testing. Our tests are made during our normal broadcast day.

Thank you very much for the good luck and if we may be of any service to you or the National Radio Club, don't hesitate to call on us.

Radiospectfully yours,

Dick Crosby
Production Manager WSHH
