Dear Mr. Cooper:

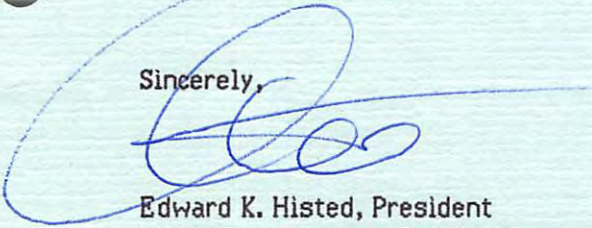

Thank you for your letter of 2/28/89. Yes, you indeed did receive WWCC on 2/27/89.

WWCC was formerly WDNH until 1/23/89. On that day, along with the change of call letters, the format was changed from "big band/nostalgia" type music to country.

WWCC operates 24 hours a day. Daytime power is 2500 watts and night (post sunset) power is somewhat less than 20 watts... therefore I'm amazed that you could receive us in Provincetown!

Best wishes, and thanks again for writing.

Sincerely,

Edward K. Histed, President
