**MAYAGUEZ, P. R.**

November 19th., 1950.

Mr. Ernest R. Cooper  
Brooklyn, New York.

Dear Sir:

We hereby acknowledge receipt of your communication of the 13th., regarding one of our equipment tests.

From your letter we see that you really checked the broadcast as what you inform is exactly what took place on the aforesaid date.

So far we have not made arrangements for the regular frequency checks, but will let you know beforehand. We plan to sign on somewhere around 6:30 and 7:0 A.M. and be off around 10:30 or 11:00 P. M. We do not cover the whole Island of Puerto Rico, as our transmitter is only a 1 KW job, although we expect to handle the southwestern part of the Island fairly well.

We trust this verifies your reception beyond any and all doubts.

Sincerely,

RADIO STATION WTTIL
