Dear Sir,

This is to verify your reception of WDEM on 1290 Kc. on October 12, 1951. We do not have early morning frequency check periods as our frequency is checked during normal program broadcast by Valpey Crystal Corp. in Holliston, Mass. I am sorry that your reception of WNAF cannot be verified. We do not have any of WNAF files on this type of correspondence.

Wishing you and the National Radio Club continued success in DXing and thanking you for your correspondence I remain,

Yours truly,

George W. Arabak
