Dear Ernie:

I'm happy to verify your correct report of Nov. 16, 1980.

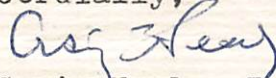

WHJJ operates with 5kw fulltime with a directional antenna nights.

I have not noted the het from the Colomian station yet, but I'll be looking for it.

The WJAR call letters will be locked up because channel 10 TV still uses them and shows no signs of changing.

Thank you for your excellent report!

Cordially,

Craig Healy, Tech. Dept.
