Dear Mr. Cooper:

Thank you for your letter of Oct. 13, 1951 and in reply I wish to verify your reception of W P J B on 1420 KC on Oct. 12, 1951 from 11.37 PM to signoff.

W P J B operates on directional antenna day and night from 6.00 AM to midnight and enclosed you will find a copy of our pattern for field intensity contours. W P J B-FM covers the rural districts of Rhode Island and Connecticut much more satisfactorily due to topographic conditions and we have a large audience in these districts on FM as compared to AM. I am also forwarding a copy of the FM contours.

Thank you again for your interest in W P J B.

Sincerely Yours,

*George W. Shaye*
