

Dear Mr. Cooper

This is to verify your reception of WCAX of Burlington, Vermont (620 kilocycles) on 10/12/42. Yes, we do run our frequency check programs on the second Monday of each month at 2 AM. I dont like to disappoint you but we dont like to dedicate programs under present conditions. There will be no more organ music for some time but we will play recordings and transcriptions. I became chief here just recently and noticed your letter of verification among our files. Sorry about the delay.

John C. Quill Chief Eng.
