Subject: SWL Reports

Dear Mr Cooper;

I notice by the heading on your letter that you are the editor of the NRC.

As editor you may be interested in the following.

I have filed many swl reports (including some from NRC members) in the wastebasket.

It is amazing the number of reports that I receive which say "I HEARD YOUR STATION ON THIS DATE, PLEASE CONFIRM". And many others which are almost as vague.

I always answer swl reports which contain the basis material necessary for a swl report and which has been outlined a hundred times in a dozen different radio publications.

Sincerely

*Allan Ray Macchell*

Dear Mr. Cooper;

This is to confirm your reception of Radio Station WSNO in Barre Vermont on February 13, 1967.

We operate op 1000 watts daytime and 250 watts nights.

Thank you for your excellent report.

Sincerely,

*Allan Ray Macchell*
