March 11 1940

Dear DX'er Ernest R. Cooper

We are very glad to be able to verify your reception of KRSC  
on **February 19 1940**

We are on the air from 6 AM to 2 AM Pacific Standard Time, daily  
except Sunday. Sunday we sign off one hour earlier at 1 AM.

Our transmitter is composite 250 Watts. Antenna is vertical 230  
feet tall.

We are soon increasing power to 1 kilowatt. Hope we get in there  
more consistantly then.

Hope to have the pleasure of verifying your reception of KRSC  
again soon.

Sincerely yours,

*Harold N. Dutton*  
for KRSC
