## STATION WATK

250 Watts, 900 Kilocycles

Date March 5, 1948

Mr. Ernest R. Cooper

Brooklyn 26, N. Y.

RE Test Bdcst. of 2-29

Dear Sir:

Thank you very much for your reception report No. \_\_\_\_\_  
of March 2, 1948 which we received March 5, 1948.

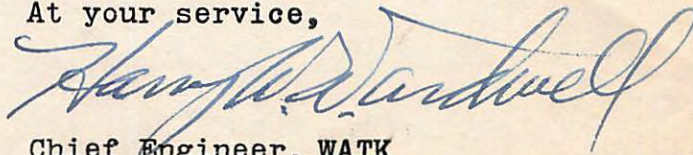

The program log which you supplied was:  
Accurate to extent logged.

Please let us know in more detail just what type of schedule you would like to get hold of. Including programming etc?

We are using a Gates No. 31-B DeLuxe console and a type 250-D Gates transmitter. Our antenna is of the vertical radiator windcharger type, 250 feet high.

We will appreciate any further reception reports that you may be able to send.

At your service,

Chief Engineer, WATK
