Dear Mr. Cooper:

Thanks a great deal for your very elaborate report on the reception of our Freq. Check Program on the morning of Oct. 7, 1942 at 3:00--3:30AM. This proves that you are a very conscientious member of your radio club. As you probably know, Ernest, there are some restrictions by the Fed. Gove. as to accepting any requests, regardless of the fact that it would be dedicated to an honest patriotic radio club such as yours. However, you may hear your announcement read a few times on Nove. 4th, after giving this a little more thought. Hoping this verification satisfies your requirements, I remain---

73, S
Yours very truly,
Radio Station WATW
