

A Good Neighbor to Northeastern Wisconsin Since 1925

March 16, 1977

Mr. Ernest R. Cooper  
5 Anthony Street  
Provincetown, Mass. 02 657

Dear Mr. Cooper:

We are pleased to confirm your reported reception of WGEE in Provincetown on March 8, 1977. Your report was most interesting in that it is the only one we have received which reported reception of the station with WTAQ, WBAY and WGEE calls.

WGEE operates with the same four tower array as that used by WTAQ in 1939. New phasing equipment was installed in 1962 and a new transmitter in 1957. (The station operated, I believe, non-directional prior to 1939.)

Enclosed are copies of some things for your collection that I hope you find interesting as an old time DXer.

Thank you for your report and good Dxing.

Sincerely,

A handwritten signature in black ink, appearing to read 'D. E. Wright', is written over the typed name.

D. E. Wright
