Dear Mr. Cooper

Thank you very kindly for the most complete report of reception of W NAM by you on the morning of Feb. 25, 1949.

We are glad to hear that radio station WOV at New York City will no longer interfere with our frequency checks at that hour of the morning for the east coast National Radio Club listeners.

I do not know what time the Milwaukee daytime stations have their frequency checks.

Our checks are scheduled for the fourth Friday of each month from 3:45 to 4:00 a.m. However sometimes we do get on a few minutes earlier and sometimes run a little later.

You have a very nice receiving layout and should be able to log plenty of stations.

Here's wishing you plenty of good listening and plenty of DX.

Yours sincerely
 NEENAH MENASHA BROADCASTING CO.
