Dear Mr. Cooper:

I hope you will forgive me for not replying sooner but as you can probably imagine, we have been mighty busy here getting the operation under way.

As you knew, WEMP bought out WCAm which went off the air. We bought the old facilities of WEMP and are operating on their frequency of 1340 KC. We will be on twenty-four hours but will shut down on Sunday night from midnight to six AM Monday. Once a month during that period we will have our carrier on modulated with 1000 cycles between 2:00 and 2:30 AM CST for the purpose of frequency check.

Your report for March 29, 1955 checks with our log for that period and it gives me pleasure to verify your reception.

Sincerely,

Ralph M Ingraham
