Dear Sir

This morning going through some old papers I ran across your letter dated 6/2/82 (see 2000)

It appears that no one answered so I'll verify that you did indeed receive WBHM or said date. The personnel mentioned Jim Went has left for WSGW AM 610 here in Birmingham. Melanie Berg is still here as news director. WBHM is a 50,000 watt non-commercial FM. We're members of N. P. R. + A.P.R. We supply a radio reading service for the blind or our S.C.A. and this by the way is now a state wide network. We are very proud of our service to our city and state. Excuse if you will the hand written reply in haste.

Hopefully the 2 spins will again afford you the opportunity to hear WBHM.

Sincerely
Joseph A. Justice
Chief Engineer
