Letter of Verification re: 6/24/85

Dear Mr. Cooper,

June, 28, 1985

After checking Monday's program log, I found that at 9:19 a promo cart was played for my program, "mods and rockers". WECS has been on the air since February of '84 with an effective radiated power of 441 watts. Our studios are on the main campus of WCSU, with transmitting facilities atop Gates Hill in Lebanon, Connecticut. Our studio phone number is (203) 456-2164. The other number you have is that of our chief engineer and GM, John Zatawski. WECS plays a wide variety of music "from Back to Rock".

Our summer hours are: M-F 12-10pm

12 noon Sign on "Out to Lunch" MOR, News, Weather	1-3 pm New Age Rock Show	3-5 pm Jazz	5-7:30 pm Evening Dinner Classes	7:30-10:00 Free-Form
--	--------------------------------	----------------	---	-------------------------

Due to a management swing, WNOU 98.3 went off the air with a bang. The deejay locked himself in the studios, played music, and berated the owners until the plug was pulled.

Thank you for listening and letting us know you're out there.

Sincerely,
Bill Arnold, Music Director
