Dear Ernest:

Thank you so much for your kind note of 10/2/83. I'm sorry that I didn't respond to your 1982 correspondence, but I never saw it until today.

Yes, you are receiving WEZN FM on 99.9 mHz. We've had several reports of our signal getting through up there. We hope to improve our antenna before too long, which may or may not have some effect on your ability to receive us more frequently. Time will tell.

It sounds as though you have an interesting program running on WOMR and I wish you the best for continued success.

Stay tuned, and best regards,

James T. Morley

P.S. Thank you also for the DX guide!
