Dear Ernest,

Yes, that was WRKI-FM (1995) that you picked up on your Realistic receiver!

WRKI is a 50kw. station at 500' Height Above Average Terrain, so we receive a great number of requests for verification from DX'ers in far away places. This, however, is the first we've received from beautiful Provincetown.

I've enclosed a coverage map and bumper sticker. Thanks for writing.

Cordially,

Ronald J. Tarsi
