Dear Mr. Cooper:

First, let me apologize for our not having written to verify your hearing WWYZ previously. It most certainly is not our policy to ignore any listeners' letters...good or bad.

What you monitored from WWYZ is part of our overnight show from New York City: Nighttime America with Bob Dearborn. It is received here at WWYZ via Satellite over the RKO Radio Network.

Your rundown of what you heard is very accurate. Please understand that any correspondence from listeners is considered valuable. It is not a bother hearing from someone that they listen to our station!

I hope that this letter will suffice for your verification. I have enclosed some rating information along with a coverage map for your knowledge.

Thank you for writing and for listening.

Sincerely,

A handwritten signature in black ink that reads 'Chuck Bradley'. The signature is written in a cursive, flowing style.
