Hello (finally) From C-98 FM !!!

Sorry to have taken so long , but your letter some how went for a walk behind the filing, but better late than never.

I went through the logs and verified your report for Sunday August 28 ( my birthday) and found it to be correct. Thank you very much for your letter. Enclosed is a coverage map of the station, along with the coverage of it's sister station CFBC.

You should be able to hear a little better after this summer when we install our new tower and transmitter. Presently, we are using a CSI 12KW transmitter and 250 ft. tower. The 6 Raydomes on the tower give us a total output of 30 KW power.

Thank you very much once again for your letter and keep on listening !

Yours truly

A handwritten signature in blue ink that reads 'Tomas Peiser'.
