Mr. Ernest R. Cooper
NATIONAL RADIO CLUB
5 Anthony St.
Provincetown, Mass. 02657

Dear Mr. Cooper:

In answer to your letter of July 22, 1980. We are sorry it has taken us so long to respond. Your letter was read and enjoyed by all of us here at the station and it thrills us to know our [redacted] 3000 watts reached so far.

Our AM station is 1320 and is 500 watts, however, we have applied for more wattage which will extend our OUTPUT to 5000 watts. It may be possible that you can in the future receive our AM as well as FM.

All of the commercial information you listed is correct. The alternating station you mentioned is WVHG in LaBelle, Florida.

Thank you for your nice letter and if you should pick us up again we would appreciate hearing from you.

Your friends in radio,

Greg Cohane,

Venice-Nokomis Broadcasting Co.

Secretary don't understand Broadcast!
