Dear Mr. Cooper:

Thank you for your letter of June 27, 1988. Your reception of our radio station is most unusual, however I find all the information you provided correct. You do seem to have a very unique set up for reception.

It's great country up there in Massachusetts, I almost took a job in Providence, RI. Sure am glad I went to Florida instead.

Thanks again for your letter and thanks for listening.

Sincerely,
