Dear Mr. Cooper:

Thank you for your letter of July 8 regarding your reception of our station's broadcast signal on the afternoon of July 7 1989. It is always a pleasure to know that we have the occasional distant listener when atmospheric conditions permit.

The program of which you heard a portion is titled "The Learning Experience". It is produced by students at the Miami Lakes Technical Education Center located about fifteen miles northwest of our main studio and is broadcast live each weekday from 2:00 until 3:30 pm local time.

Thank you again for your interest and I hope that you are able to receive our station again in the future.

Sincerely,

Peter H. Dohm  
Broadcast Engineer II
