**CONCERT 90**

June 21, 1989

Mr. Ernest R. Cooper  
5 Anthony Street  
Provincetown, Mass 02657

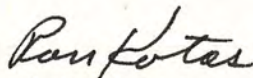

Dear Mr. Cooper,

Thank you for your interest in our station here in Fort Myers, Florida.

Indeed, there is sometimes long distance propagation of radio waves and you did receive our signal programming for the short time you referred to. Our station runs 100,000 watts Effective Radiated Power from a tower 940 feet above ground level. Enclosed is a map of our normal coverage area.

I would like to hear some of your marching music. If you are down this way, please don't hesitate to stop in for a visit.

Sincerely,

Ron Kotas  
Chief Engineer, WSFP-FM
