Mr. Ernest R. Cooper  
5 Anthony Street  
Provincetown, Massachusetts 02657

Dear Ernest:

Thank you for your letter of May 30, 1990 concerning the long distance reception of WYUU. Please accept this letter as confirmation of your reception from 7:37 p.m. until 8:10 p.m. on May 29, 1990. A check of our program logs indicate that U92 did air the ads and promos you have logged in.

WYUU operates on 92.5 MHz with 50,000 watts E.R.P. from a 500 foot tower in Seminole, Florida. Seminole is located approximately 1/2 way between Clearwater and St. Petersburg, which, as you probably know, is on Florida's West Coast.

The weather this Spring has brought WYUU a lot of distant reception reports, but Provincetown has beat all reports so far!

Again, thank you for your letter. I always enjoy hearing from DX'ers like yourself.

Sincerely,

Bill Elliott  
Chief Engineer
