Dear Mr. Cooper;

It was great hearing from you on your reception of WCUP Radio.

Your report is the farthest that we have had for our FM Station. Our AM, WWGS, is located at 1430 khz and we have had reports on it from as far away as England.

Everything you listed in your report checks with the items carried on our station at that time.

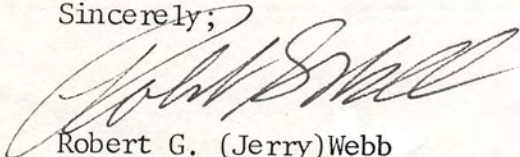

You tuned in at the time that we were broadcasting a newscast from our state-wide network, the Georgia Radio News Service, based in Atlanta.

Hopefully you will be able to receive us again some day and actually hear a station ID.

I am sending you some literature that we use about our station. Also, in a separate envelope I am sending you a desk calendar that we had made this year for friends and clients.

Thanks for your report.

Sincerely;

Robert G. (Jerry) Webb  
General Manager
