Dear Ernest,

This will confirm your reception of WKLS-FM from Provincetown, MA on Wednesday, June 11, 1986 at approximately 5:20 PM EDT. Thanks for your reception report.

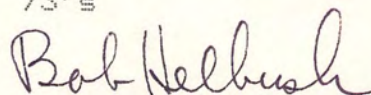

The equipment here is two RCA BTF-20ES1 20 kw transmitters in parallel. This feeds ERI and ADC combiners along with WPCH and WKHX. All three of us broadcast from a ADC 6 bay panel antenna at 950 feet.

Although Provincetown, Mass is good DX in anybody's book, we have reports from Canada as well as Texas, Illinois and others.

WKLS operates from 6:00 AM to sunset. WKLS-FM is 24 hours a day. In the last Atlanta Arbitron, WKLS-FM was number one among all listeners 12+.

Thanks again for your report. I am always happy to hear from a fellow DXer.
