Dear Ernest,

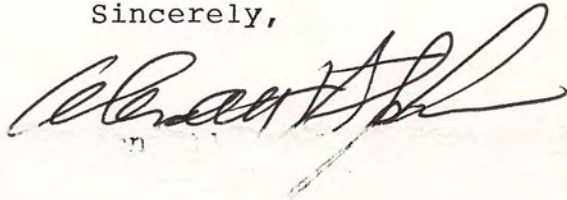

Please consider this a letter of verification of your letter of June 9, 1988. We were very pleased to receive your letter and glad to know you were able to pick us up.

WPEH-FM simulcast with WPEH-AM. WPEH-FM operates with 3,000 watts ERP with an antenna height of 300 feet.

In comparing with our log of June 9, your report was very accurate. One thing of interest, who noted the difference in Louisville, Georgia and Louisville, Kentucky; however both towns are located in Jefferson County.

Thanks for your letter, and keep listening...maybe you'll hear us again one day.

Sincerely,
