Dear Mr. Cooper:

This is to thank you for your letter of June 5, 1987. I have varified the information which you have sent me and it is all correct. For your information, the preacher which was talking at 8:48 was Mr. Lowell Davey, founder and president of the Bible Broadcasting Network, and the program was Our Point of View. The program you heard at 9:00 pm was Conference Pulpit and the speaker was Major Ian Thomas. I have enclosed some of our literature for your information and varification of you reception of WYFS.

In the Service of Christ,

Tex Robertson
