Dear Mr. Cooper:

Yes, it sounds like you found us! Thanks for your log report from Tuesday, July 7, 1987.

WCIC is a noncommercial Christian/educational station operated by the Assemblies of God District of Illinois. We have two sister stations, in Champaign and Carlinville. Our signal is boosted to the east because we must protect a small college station in western Illinois on our frequency. I just didn't know we were boosting this much!

By coincidence you'll be visiting Peoria August 14 as I leave. I have resigned as manager here to go back to school in Florida. However, if your time permits the "rest of the staff" would give you a gracious welcome if you wish to come by our studios in Pekin, across the river from Peoria.

Thanks for your radio newsletter; I enclose one of ours in return!

Blessings in Christ,
