Mr. Ernest R. Cooper  
5 Anthony Street  
Provincetown, MA 02657

Dear Ernest:

I was quite surprised to receive your letter about picking up WGCA on skip at the tip of Cape Cod. I knew that WGCA had a pretty good range, but Cape Cod is incredible, even if it was only for a few minutes.

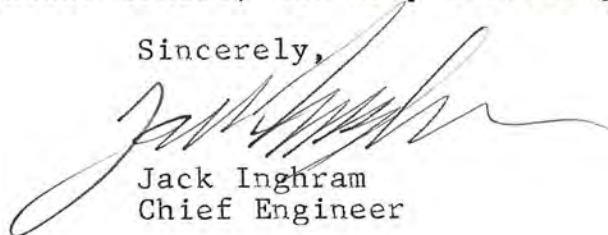

At any rate, let me confirm that from the description you set out in your letter, the station you picked up was indeed WGCA. WGCA is a 40,000 watt Christian FM station and has been on-the-air since September 20, 1987, and now broadcasts 24 hours a day.

I am enclosing a WGCA bumper sticker as a memento. I would be interested in knowing if you are ever able to pick up WGCA again.

Although I am sure you found my name as Chief Engineer and the address of the radio station in some type of directory, by profession I am an attorney and spend some of my spare time helping WGCA. I am like you, in that I take much pleasure and excitement in being affiliated with the station and assisting them with the engineering. I am also excited in the privilege of being part of a ministry that is attempting to show people that the Gospel of Jesus Christ is relevant to us all, right down to where we live.

Thanks for your letter Ernest, and keep listening!

Sincerely,

Jack Inghram  
Chief Engineer
