Mr. Robert Stenger
438 E. 21st St.,
Brooklyn, N.Y. 11226

Dear Mr. Cooper,

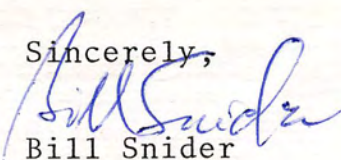

Thank you for your letter. Believe me, no one has ever contacted us as far East as you are.

Please consider this letter a verification of your letter dated June 8, 1982. You were hearing WIBI-FM from Carlinville, IL. We are about 45 mi South of Springfield, IL and 60 mi Northeast of St. Louis, MO. We broadcast with 44,000 watts ERP from an antenna 275' above ground. I am enclosing a program guide and a bumper sticker for your records.

God has been so very good to allow this Christian station in our area. We are listener supported and have been so for the past six years.

By the way, my father-in-law is a ham operator in Effingham, IL. His call sign is K9PCT and his name is Tim Fennessey. Maybe you will hear from him some day.

Sincerely,

Bill Snider
