Dear Mr. Cooper:

Thanks for your letter of July first. We would have been doing a newscast just before 11:00 July 1, and you have accurately described the form of our hourly ID. Therefore, I think you can be certain that you were receiving WIUM.

You mentioned hearing classical music at 89.9, so I have enclosed a copy of a page from the Broadcasting Yearbook which shows all U.S. stations at that frequency. WCBU-FM in Peoria is a public radio station associated with Bradley University, and might well have been airing classical music. I have also enclosed a copy of WIUM's July program guide.

Sincerely,

*Jim Sticklen*
