Dear Mr. Cooper:

I apologize for my tardiness in responding to your reception report of WSSR. We do appreciate hearing from the FM DXers when they have heard our station, and we are not normally this lax in responding.

In case you don't have the information, WSSR transmits with a power of 50,000 watts and an antenna height of 524 feet.

Good luck with your hobby. I am sure that it provides much relaxation and enjoyment to you. I am enclosing for you a program guide for the month of June. If you would like any further information about WSSR, please feel free to write to me again.

Sincerely,

James A. Newbanks  
Director of Engineering
