

July 5, 1983

Ernest Cooper  
5 Anthony Street  
Provincetown, MA 02657

Dear Ernest:

I was very happy to receive your letter today and am writing to confirm your reception of WBCL Radio in Fort Wayne, Indiana at 90.3 FM on June 27, 1983 from 4:47 pm until 4:52 pm C.D.T.

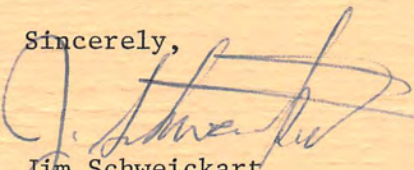

As a fellow dx-er, I share your excitement in logging our station during what must have been a hot band opening! Please accept this letter as an official QSL from our station.

As a former newsman on WOWO, I realize their signal covers quite a bit of country as well. When I worked there, I would hear of listener reports occasionally coming in from Germany, Finland, England and even Australia and Thailand! I am also a ham radio operator, using mainly two meter FM and 40 meter cw (technician class).

Since you live on the east coast, I would be very interested to learn if you have ever logged any European long wave or medium wave stations. Also, what's your best dx on the American am and fm bands?

Thanks so much for writing. If you have time, I'd like to hear from you!

Sincerely,

Jim Schweickart  
General Manager
