Dear Mr. Cooper,

I think you now hold the record for long distance listening to WRKF. Previously, a fellow in Buffalo, New York had the record.

You were indeed listening to us. I've enclosed a copy of our program guide and a coverage map showing our current signal and what it will be after we move to a TV tower across town. With the move, we hope to improve our signal in Baton Rouge.

Thanks for listening and enclosing the information about ~~WBR~~.

Sincerely,

Eric DeWeese,  
President &  
General Manager
