November 26, 1979

Mr. Ernest R. Cooper
National Radio Club
5 Anthony Street
Provincetown, MA 02657

Dear Ernest,

We at WBMT were pleased and surprised to receive your letter verifying your reception of our signal on the Cape. Being a school/community FM non-commercial radio station we operate at a low power of 710 watts. Our effected radio listening area is about twenty miles, but the signal must go further on the water.

Your roof antenna is doing a good job to pick us up at such a great distance. We can be heard in Salem, N.H. every once in a while, but conditions have to be just right.

I am enclosing one of our listening guides so that you can keep tuned to the "Brightest sound on the Northshore".

Thanks for the letter and I will tell Al Jones about it.

Sincerely,

George R. Cowan
