Dear Mr. Cooper:

Per your request we are informing you that you have received our station. We changed over our format to "Smooth Jazz" on October 26th 1990. You were probably familiar with our old station that was a landmark in Boston WJIB.

To our knowledge, our signal reaches out as far as New Hampshire, Maine, and carries out as far as Rhode Island.

Thank you for your interest in our station.

Sincerely,

Joseph Soucise
Chief Engineer
