Provincetown, MA 02657

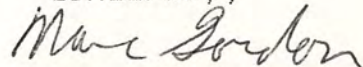

Dear Ernest,

Thank you for your letter of December 26, 1992. This letter will confirm your reception of WFNX-FM on that date from 2:15 pm, through 2:38 pm. WFNX transmits from Medford Massachusetts with a power of 1,650 watts at a height above average terrain of 134 meters.

The reception difficulty you experienced on that day was probably due to atmospheric conditions particularly over the water. Also causing interference may be a station on 101.9 in Falmouth and another on 101.5 in Providence.

You may be interested in knowing that WFNX has a show serving the Gay and Lesbian community every Monday night . It is called "One in Ten" and is on from 10:00 pm until 1:30 pm.

Sincerely,

Marc Gordon  
Chief Engineer
