Mr. Ernest R. Cooper
5 Anthony Street
Provincetown, MA 02657

Dear Mr. Cooper:

Sorry to take so long to reply to your letter of July 5, but I just saw it for the first time yesterday. The students were holding onto it and didn't know quite what to make of it.

You will really be surprised when you read the details!

Your Realistic, MacIntosh, and Finco must have been working overtime on July 5. WRBB is Boston's smallest radio station. We are a class D secondary 10w station. We are using an RCA BTE-15 Exciter. Our antenna is a Phelps Dodge EC FM. It is four bays. From our antenna we receive a slight gain. Our ERP is 18.5w.

The bulk of our programming is Urban, a blend of R&B, Rock and Jazz. We are currently not carrying any band music but Northeastern University does have a band. If you would like to receive a tape ~~from~~ write to Matt McGarrell Assistant Professor of Music, Northeastern University, Rm 406 EL 360 Huntington Avenue, Boston, MA 02115.

We greatly appreciate your wish of "more power to you." We moved from 91.7 as a result of Docket 20735. We are trying to improve our lot but operate on a secondary basis to Simon Geller in Gloucester. When he signs off at midnight we are heard in some surprising places.

Yours in radio

Also a lefty

Chuck Tarver
Advisor WRBB
