Dear Mr. Cooper,

Please consider this as a letter of verification of your reception on April 29, 1981. I was pleased that WUSM could be heard as far as the tip of Cape Cod. WUSM is a student operated station of Southeastern Massachusetts University, broadcasts at a frequency of 91.1 megahertz with an output power of 302 watts, and is located on the campus of SMU in North Dartmouth. In regards to your other letter dated March 15, 1981; I could not have it verified since I know of no one at WUSM named Daniel Roush and our General Manager for the past year has been Michael Woodson. Well, thank you very much for your report and on behalf of WUSM we are pleased to be part of your receiving capabilities.

Sincerely,

*Mike Voisine*
