Ernest;

You did, indeed, hear us on 94.3fm ... Sometime in the near future, the 94.3 frequency will be reassigned to Cambridge, Md. and we will be forced to move to 97.5 ... but not yet.

The liner you hear was most likely, "YOU'RE LISTENING TO TODAY'S COUNTRY ON WICO". It's one of several pre-recorded liners my jocks use when they're feeling lazy.

Thanks for the letter and happy DXing.
