July 3, 1983

Dear Ernest,

I'm pleased to confirm the reception of WKYZ FM 106, in Salisbury md. on November 22, 1982. Sorry I did not get back to you before. With a new station in these times, everybody involved is very busy.

WKYZ fm will be one year old having gone on the air on July 25, at 10:16 PM 1982. WKYZ operates with an ERP of 1.7 KW at 385 feet. The antenna seems to be somewhat directional in your direction, due to the way it is installed on the tower.

You mentioned WKHI, as a contract engineer I built that station. I've done work on WOLC as I have on most of the stations in this area. It was a great feeling building my own here at wkyz. A station not far from here WGMD in Rehobeth beach Del. has a big band program on Sat morn. We have the Hit Parade on at that time.

Best of luck

A handwritten signature in cursive script that reads 'Jim'.
