Mr. Ernest R. Cooper
WOMR-NRC-IRCA-WTFDA
5 Anthony Street
Provincetown, MA 02657

Dear Mr. Cooper:

You did indeed receive our signal in the manner you described. Record Rendezvous certainly is just south of the bridge in Kennebunk. Want a wonderful array of reception equipment you have down there! You must have quite a passion for radio.

You now have a 633rd station to notch your tuning array with. WBQQ transmit at 3000 watts ERP from atop a 324 foot tower located in Kennebunkport Maine. We use a Harris 5kw FM transmitter. Our Studios are at the address you already have.

Thank you for your correspondence.

Best Regards:
