Welcome to "Coastal and Central Maine"

Dear Mr. Cooper

Thank you for your most pleasant and somewhat surprising letter of July 18.

I will ask our Operations Manager, Dan Shapiro, to verify your list of findings re July 17; however, everything seems to match our format with one exception. At 2:00 a.m., you reported ABC News report. We carry AP only.

There is another 96.7 in Southern New Hampshire (Dover/Rochester, I believe), and you may have heard them rather than us in Rochester, New Hampshire, and Brattleboro, Vermont; however, we have had other complimentary comments from as far away as North Conway, New Hampshire, so, very possibly, you were listening to WCME in all of these other areas.

I have returned your 20¢ post stamp and find it a compliment that you would even think to send us one. I have also enclosed a thank-you pen from WCME which we send to all listeners that we receive comments from. Please accept with our compliments, especially with regard to your good thoughts.

Finally, we are a Class A FM at 96.7. You must have amazingly good equipment to be receiving us. I have photostated your letter and sent copies to various people concerned with WCME. I hope and trust that they will correspond with you with regard to your findings and your comments.

Again, many, many thanks for your letter of July 18, and I am sure that you will be hearing from other WCME personnel.

Sincerely

Robert J. Cole
