Re: Verify

Dear Mr. Cooper

Thank you for listening to our station we verify of everything except one thing. At 11:42 we don't have an add for Starcraft, Route 1 By-pass, Portland . But everything else was fine, thats not bad for a thousand watt Harris Xmitter on top of Mt. Hope in Sanford. Thanks again for listening to our radio station and next time you hear a "trivia" question give us a call I'd like to hear from you.

Sincerely,
Andy T Armstrong
