Dear Sir:

Thank you for being one of our listener. Your verification of our station's programming is correct. Our F.M. station is operated by remote control and is about 8 road miles from our studio. Our three antennas are of the circularly polarized type and the center of radiation is 340 feet above average terrain. The ERP power is 15000 watts.

Wishing you happy listening.

Sincerely,

Henry T. Korytko  
Chief Engineer  
WABK-AM & WKME-FM
