9 Sep 91

Ernest R. Cooper
5 Anthony Street
Provincetown, MA 02657

Dear Mr. Cooper,

This letter is to confirm your receipt of our FM station on 6 Sep 91. Our transmitter is a GATES FM-1G, but it was updated two years ago with the addition of a HARRIS "THE ONE" Exciter. Our signal processor is an Optimod-FM 8100A/1. Our effective radiated power is around 1500 watts, although the Xmtr Output Power into the 4-bay antenna is about 800 watts. So you have done well to pull us in in Provincetown. It was nice to hear from you, and I'm glad to see that you are still in the business doing some boardwork...keep it up!!!!

Sincerely,

Alfredo Ibarguen

President, Chief Engineer
